THE Colony of Queensland comprises the north-eastern portion of the Continent of Australia—its northern extremity is Cape York, and its southern (on the coast) Point Danger. The one hundred and thirty-eighth degree of longitude is its boundary on the west.

The area of the Colony is 669,520 square miles, and its sea-board extends 2,250 miles.

The Colony is divided into forty-two Electorates, each of which returns one member. It has seventeen municipalities, and about one hundred and eighteen small towns or townships.

From the returns of the Census of 1876, it appears that, out of the entire population, 70,906 are Australian born (of whom 58,773 were born in the Colony); 36,203 were born in England and Wales, 24,883 in Ireland, 9,374 in Scotland, and 9,889 in Germany.

There were only 864 persons returned as suffering from sickness and accident, being at the low rate of 5 in every 1,000 persons.

The following are the rates of increase during the intervals between each Census:—

1861—1864	...	2·71 years	...	104·48 per cent.
1864—1868	...	4·17 „	...	62·53 „
1868—1871	...	3·50 „	...	20·22 „
1871—1876	...	4·66 „	...	44·28 „

The following information, as to the population of the Colony, is obtained from the results of Census taken on the night of the 1st May, 1876:—

Males ...	42,117	...	62,892	...	... 105,009
Females ...	39,169	...	29,078	...	... 68,274

Of the 29,078 female adults, all are married except 3,417; whilst of the 62,892 male adults, 31,403 are unmarried.

The people of Queensland are principally engaged either in pastoral, agricultural, or mining pursuits.

a Excess of departures over arrivals. * *Vide* Statistics, 1871, page 143. † The quantity of land annually sold by auction since 1866 bears but a small proportion to the area in process of alienation, as Acts of Parliament were passed in 1866, 1868, and 1876, allowing the payments for lands selected to extend over a period of ten years.

§ For year ended 30th June. ‡ By "*The Audit Act of* 1874," 38 Victoria, No. 12, it is enacted that the Financial Year shall commence on the 1st of July, and end on the 30th June next following. This Act came into operation on the 1st of January, 1875, in consequence of which these figures are only for the Half-Year ended 30th June.

NOTE.—The Laws relating to Steam Navigation in Queensland waters, viz., 16 *Victoria, No.* 46, and 41 *Victoria, No.* 3, provide that steam-vessels shall be surveyed at least twice in every year, and in furnishing Returns for the years previous to 1877, the Marine Board counted the Number of Certificates registered for each vessel during each several year, as well as the tonnage, and horse-power represented in such certificates, but in compiling the Return for the year 1877, a different method has been adopted, viz., the actual number of steamers, with their tonnage and horse-power, for which certificates were registered have only been reckoned without reference to the number of separate surveys held on each vessel during the year.

NOTE.—The Returns from the Police Districts of Etheridge, Gilberton, Palmer, and Somerset do not supply the particulars required for this Table.

N.B.—The above statement has been compiled from returns obtained by the Police for the Registrar-General, and must only be regarded as an approximation to the truth, for on reference to Table No. 135, "Crown Lands Granted and Sold," it will be observed that the total extent therein returned as alienated from the Crown is less by 56,531 acres than is here shown as freehold; the discrepancy may possibly, however, be accounted for by presuming that Occupiers have returned as Freehold, Pre-emptive, and Conditional Purchases held under the Act of 1868, for which Crown Grants had not been issued on 31st December, although the purchase money had been paid up.
